SCRUBS® • **DYKEM** • mark-tex • Dymon

ITW Dymon

COMPANY BACKGROUND

DYMON

Founded in 1970, Dymon introduced its first specialty product, an aerosol jelled graffiti remover. Over time, Dymon's innovative product offering continued to grow to include specialty cleaners and degreasers, disinfectants, insecticides, as well as hand and skin care products. As a result, the company became known as "The new idea company". In 1993, Dymon introduced SCRUBS in-a-Bucket. This patented, premoistened hand cleaner towel quickly became the preferred method for professional workers to clean their hands without water. Premoistened towels and wipes continue to grow as a delivery system for chemical specialty applications and Dymon remains committed as a leading manufacturer in this product category. Dymon was acquired by Illinois Tool Works (ITW) in 1998 and is dedicated to the regular introduction of meaningful, innovative products for Janitorial, Industrial and Construction Workers. Dymon products are manufactured in Olathe, KS.

DYKEM

Dykem began in 1920 when Steel Blue Layout Fluid was formulated. It is still the #1 recognized and preferred layout fluid. Dykem expanded its line with Dykem Staining Colors, Remover & Cleaner and Dykem valve action marking pens. Dykem was acquired by ITW in 1987 and became a part of ITW's Fluid Products Businesses. Dykem was integrated into Dymon's industrial division in 1999. Dykem's focus is to continue its Brand Leading position in the Industrial Metal Marking category. Dykem products are manufactured in DeWitt, Iowa.

MARK-TEX

Mark-Tex was founded in 1931, manufacturing TEXPEN and DALO markers for textile mill and military applications. Mark-Tex expanded its line to include professional writing instruments designed for the industrial, laundry and graphics markets. Prior to its acquisition by ITW in 2000, Mark-Tex manufactured marking pens for Dykem. Today, Mark-Tex and Dykem are managed under the umbrella of the Marking Systems Business Unit. Together, these manufacturers are positioned to increase their leadership positions in Metal Marking and Professional Writing Instrument segments. Mark-Tex and Dykem pens are manufactured in Roseland, New Jersey.

ITW

Illinois Tool Works, (ITW), is a multinational Fortune 200 company based in Glenview, IL. The company consists of approximately 600 decentralized operations in 43 countries and employs approximately 55,000 people. ITW's manufacturing companies generally serve the construction, general industrial, automotive, food and beverage, food equipment, industrial capital goods, paper products and electronics markets. ITW's commitment to innovation is supported by more than 17,000 active and pending patents.

SCRUBS®

SCRUBS® are the premoistened, heavy duty hand cleaner towels that can be used Anywhere, Anyplace and Anytime! SCRUBS® easily removes soils from your hands and leaves them cleaned and conditioned. The patented hand cleaner towels are available in a variety of convenient sizes and merchandisers.

SOLAR GUARD™ SUNSCREEN TOWEL

Helps prevent sunburn!

SOLAR GUARD™ combines a unique liquid sunscreen formula and a large, lint free towel. The towel will remain open and retain its original size while applying to the face, neck and arms. SOLAR GUARD™ delivers full sun protection for professionals who work in the outside environment.

Sun Alert: Limiting sun exposure, wearing protective clothing and using sunscreens may reduce the risks of skin aging, skin cancer, and other harmful effects of the sun.¹

Sunlight is the main source of UVA/UVB radiation, which can cause eye damage, premature aging of the skin, and skin cancers such as melanoma.² Taking protective measures like using SOLAR GUARD™ may help reduce the risk of skin cancer and UV radiation exposure.

¹ FDA Regulation 21CFR 352.52(e)(2)

² OSHA Recommendation Protection for UV Exposed Workers - 07/06/00

Use SOLAR GUARD™ to cover face, neck, ears, and arms.

Benefits:

- SPF 30 +
- Water/Sweat Resistant
- Greaseless
- UVA/UVB Protection
- Aminobenzoic Acid [PABA] - free

Convenient size to keep in:

- Tool belt
- Truck
- Pocket
- Glove box
- Back pack
- Countless other places

ANTIMICROBIAL SCRUBS® HAND SANITIZER WIPES

The Hand Sanitizer Wipe that kills 99.9% of Disease-Causing Germs and Bacteria Found on Skin!

Antimicrobial SCRUBS® Hand Sanitizer Wipes combine a highly effective skin sanitizing formula and an abrasive, nonscratching towel for a one-step sanitizing system. This product dissolves contaminated biofilm, and kills, absorbs, and removes disease causing germs and bacteria from skin. Antimicrobial SCRUBS® guarantees a rapid kill in seconds while conditioning your skin.

Benefits:

- Prevents cross-contamination
- Replaces alcohol gels, which do not remove contaminants
- Helps reduce the risk of infection and disease
- Broad spectrum
- Can be used where soap and water are not available

For Use In:

- Transportation
- Traveling
- Laboratories
- Restrooms
- Prisons
- Hotels
- Sporting Events

Part #	Product	Container Size
90901	SCRUBS® Hand Sanitizer Wipe	Box/Wipe 250 Count
90950	SCRUBS® Hand Sanitizer Wipes	Box/Wipes 50 Count
90985	SCRUBS® Hand Sanitizer Wipes	Container/Wipes 85 Count

Rapidly Kills in Seconds:

- Candida albicans - (10 seconds)
- Escherichia coli - (20 seconds)
- Pseudomonas aeruginosa - (10 seconds)
- Salmonella choleraesuis - (10 seconds)
- Staphylococcus aureus - (10 seconds)
- Streptococcus pyogenes - (10 seconds)

SCRUBS® GRAFFITI & SPRAY PAINT REMOVER TOWELS

One-Step Graffiti Removal System

SCRUBS® Graffiti and Spray Paint Remover towels combine a high-quality graffiti remover formula with an absorbent, abrasive, nonscratching towel. This product will loosen and remove graffiti and spray paint, allowing the towel to absorb and hold residue without redepositing paint on surface.

Benefits:

- One-step process
- Convenient and economical
- Portable

Works On Numerous Surfaces:

- Metal
- Glass
- Porcelain
- Formica
- Vinyl
- Baked enamel paints
- Stainless steel
- Plexiglas® *
- Cement or brickwalls
- Aluminum

Use On:

- Spray Paint
- Graffiti
- Latex Paint
- Inks
- Enamel Paint
- Acrylic Paint

* Plexiglas® is a registered trademark of Rohm & Haas Co.

MEDAPHENE® SCRUBS® DISINFECTANT DEODORANT WIPES

Quickly Loosen and Absorb Contaminants and Organic Matter

Medaphene® SCRUBS® Disinfectant Deodorizing Wipes' patented phenolic/gluteraldehyde non-alcohol formula combined with a tough abrasive towel. The non-alcohol formula penetrates and ensures the surfaces remain wetter longer.

Benefits:

- One-step disinfectant deodorizing solution
- Portable, safe and easy to use
- No spraying or run-off

Disinfects & Kills:

- Influenza A₂HK
- HIV-1 (AIDS Virus)
- Tuberculocidal (TB)
- Virucidal
- Herpes

Part #	Product	Container Size
90301	Medaphene® SCRUBS® Disinfectant Deodorant Wipe	Pack/Wipes 100 Count
90365	Medaphene® SCRUBS® Disinfectant Deodorant Wipes	Container/Wipes 65 Count

NATURAL FORCE® TOWEL DEGREASER

One-Step Degreasing Solution

NATURAL FORCE® Towel Degreaser combines the strength of NATURAL FORCE® and a highly absorbent, abrasive, nonscratching towel for a one-step degreasing solution. It emulsifies and traps the grease, eliminating a chance of redepositing on the cleaned surface. It works most effectively in areas where a controlled application is required because it won't drip or run.

Benefits:

- Provides controlled application
- No dripping or overspray
- Quickly dissolves grease
- Safe for most washable surfaces
- Safer alternative to using harsh solvents
- Rinses with water
- Part of the NATURAL FORCE® Degreasing System

Removes:

- Grease
- Grime
- Hydraulic Oil
- Marker
- Adhesive Residue
- Oil
- Carbon
- Ink

BIOLOGICALS

LIQUID ALIVE® ENZYME PRODUCING BACTERIA

Instant Odor Control

LIQUID ALIVE® Enzyme Producing Bacteria digests and liquifies organic waste, grease and food by-products eliminating malodors and reducing suspended soils. It is highly resistant to disinfectants, detergents, sanitizers and free chlorine.

Benefits:

- Pleasant fragrance immediately neutralizes odors
- Safe, non-toxic, non-acid and non-alkaline

Recommended For:

- Hospitals
- Apartments
- Grease Traps
- Septic Tanks
- Nursing Homes
- Funeral Homes
- Porta Toilets
- Sump-Pumps
- Schools
- Kennels
- Drain Lines
- Wet Wells
- Prisons
- Clinics
- Down Pipes

CLEANERS/DEGREASERS

NATURAL FORCE® DEGREASING SYSTEM

The Power of Natural Citrus in a Heavy Duty Degreasing System!

NATURAL FORCE® degreaser is heavy duty citrus power in a complete system for professional applications. Each delivery method - foaming, jelled or solvent blast - is specifically formulated to solve your degreasing needs. For more information on the complete NATURAL FORCE® Degreasing System, visit natural-force.com.

Benefits:

- Heavy duty natural citrus power
- Quickly dissolves grease
- Safer alternative than using harsh solvents
- Noncorrosive

Foaming Degreaser

- Large surface coverage
- Safe for most washable surfaces

Solvent Blast Degreaser

- Super concentrated formula
- Attacks grease on contact

Jelled Degreaser

- Maximum contact time with surfaces
- No vertical runoff

Dissolves and Removes:

- Grease
- Adhesive Residue
- Asphalt
- Tar
- Carbon
- Glues
- Oil-based Paints
- Hydraulic Oils
- Markers
- Grime
- Oils
- Inks

STAINLESS STEEL CLEANER

Cleans & Polishes

Stainless Steel Cleaner is a unique aerosol cleaner and polish that leaves an invisible protective finish on stainless steel surfaces. It does not contain acids or abrasives that could cause surface damage. It can be used on restaurant equipment, laundry equipment, elevators, counters and displays, drinking fountains, trucks and trailers.

Benefits:

- Cleans and polishes
- Restores original brightness
- Preserves high luster

Safely Removes:

- Spot Marks
- Grease
- Fingerprints
- Water Marks
- Film

GLASS CLEANERS

CLEAR REFLECTIONS®

The Ultimate Mirror & Glass Cleaner

CLEAR REFLECTIONS® has been uniquely formulated to create a patented residue-free glass cleaner that eliminates spots, film and streaks. It dissolves grease, oil, fingerprints, smudges and soils on contact. The overspray dries crystal clear, keeping just cleaned areas from having to be cleaned again. It leaves no spots, film or streaks, even at warm or cold temperatures.

Safely Removes:

- Grease
- Oil
- Fingerprints
- Smudges
- Soils

Safe To Use On:

- Windows
- Mirrors
- Windshields
- Showcases
- CRT Screens
- TV Screens
- Copy Machine Platens
- Chandeliers
- Fine Lenses

FURNITURE CLEANERS/POLISHES

LEMON WAX CREAM FURNITURE POLISH

Cleans, Polishes & Deodorizes

Lemon Wax Cream Furniture Polish not only cleans, but leaves a lasting shine that helps remove dust and smudges as the surface is polished. It gives the ultimate protective finish to retain that new furniture look.

Benefits:

- Combination of rich waxes
- Contains Carnuba wax
- Blended with emulsified silicones
- Fresh lemon scent

Recommended For:

- Furniture
- Woodwork
- Vinyl
- Metal
- Leather
- Plastic
- Countertops
- Ceramics
- Many other surfaces

Part #	Product	Container Size
07720	Lemon Wax Cream Furniture Polish	Aerosol 20 oz

LEMON OIL FURNITURE POLISH

Cleans & Polishes

Lemon Oil Furniture Polish cleans with ease. When sprayed, this product wipes immediately to a clean, bright shine. It produces a hard, dust free protective finish on wood, metal, plastic, vinyl furniture, ceramics, enameled and porcelain surfaces.

Benefits:

- Produces dust free protective finish
- May be sprayed directly on cloth for polishing chair legs, table legs, etc.
- Fresh lemon scent

Removes:

- Finger Marks
- Smudges
- Grease Marks
- Stains

SOLITAIRE PLUS™ FLOOR FINISH & SEALER

Brilliant, Long Lasting Gloss

SOLITAIRE PLUS™ Floor Finish & Sealer's kinetic polymer system creates exceptional brilliance on virtually all resilient floors. Its special gloss and durability are enhanced by any type of buffing or burnishing. This product creates a luxurious luster with minimal maintenance required. By simply buffing, spray-buffing or restoring, the special polymers quickly and easily renew the floor's gloss, durability and scuff resistance.

Benefits:

- May be used as both a finish and sealer on most resilient floors
- Superior durability and resistance to scuffs and scratches
- Easily maintained with conventional buffing or ultra-high speed burnishing

Part #	Product	Container Size
36505	SOLITAIRE PLUS™ Floor Finish & Sealer	Container 5 Gallon

PROBLEM SOLVER HEAVY DUTY CLEANER

Jelled Formula Will Not Run Off

Problem Solver Heavy Duty Cleaner is a jelled cleaner designed for removing wax and soil build-up on floors, baseboards, ceramic wall tile and other hard to clean surfaces. Jelled formula will not drip or run and extends contact time for better cleaning results.

Benefits:

- Superior because of its stability on vertical surfaces
- Removes wax and buildup from many surfaces

Part #	Product	Container Size
23920	Problem Solver Heavy Duty Cleaner	Aerosol 20 oz

GUM FREE CHEWING GUM & CANDLE WAX REMOVER

Quick Freezing Action

Gum Free Chewing Gum & Candle Wax Remover is designed for use on carpets, wood floors, marble, cement, terrazzo, etc. It is widely used in theatres, lobbies, schools, auditoriums and churches.

Benefits:

- Formula "freezes" the gum or wax to a brittle condition for fast and easy removal
- Will not damage surface or cause color bleed-out on fabrics

Part #	Product	Container Size
08412	Gum Free Chewing Gum & Candle Wax Remover	Aerosol 12 oz

DUST MOP TREATMENT

Dusts, Cleans & Polishes

Dust Mop Treatment is a water based formula for dusting, cleaning and polishing in one simple step. It makes dusting easier, prevents particles from scattering and reduces dusting time.

Benefits:

- Picks up dust like a magnet
- Reduces dusting time

Use On:

- Furniture
- Venetian Blinds
- Woodwork
- Wood Floors
- Window Frames & Sills
- Other surfaces where dust gathers

Part #	Product	Container Size
37420	Dust Mop Treatment	Aerosol 20 oz

OVEN CLEANERS

OVEN CLEANER

Fast Acting Jelled Formula

Oven Cleaner is a jelled aerosol cleaner for fast and effective removal of greasy wastes and baked-on carbon, eliminating scraping. For use in hotels, motels, kitchens, cafeterias, restaurants and grills.

Benefits:

- Jelled formulation will not run
- Thickened to adhere to vertical surfaces
- Removes grease and baked-on carbon

Safe to Use On:

- Pots
- Pans
- Porcelain
- Stainless Steel
- Ceramicware
- Glass
- Chrome
- Hoods
- Rotisseries
- Burner Drip Pans

Part #	Product	Container Size
08320	Oven Cleaner	Aerosol 20 oz

JELLED OVEN CLEANER

Clinging, Thick Formulation

Jelled Oven Cleaner is an oven cleaner for fast, easy and effective removal of greasy wastes and baked-on carbon. It is thickened to adhere better to vertical surfaces. For use in hotels, motels, kitchens, cafeterias, restaurants and grills.

Benefits:

- Rapid chemical penetrating action
- 100% water rinseable
- No flashback fumes

Use On:

- Pots
- Pans
- Porcelain
- Ceramicware
- Stainless Steel
- Chrome
- Hoods
- Rotisseries
- Burner Drip Pans

Part #	Product	Container Size
38732	Jelled Oven Cleaner	Container 32 oz

ORANGE NATURAL CITRUS FOAMING OVEN CLEANER

Penetrating Grease Cutting Action

Orange Natural Citrus Foaming Oven Cleaner contains an amazing d-Limonene natural citrus solvent, plus powerful detergent and degreasing agents.

Benefits:

- Effectively cleans warm and cold ovens
- Grease cutting action
- Fresh citrus scent

Use On:

- Ovens
- Grills
- Hoods
- Broilers
- Rotisseries
- Drip Pans
- Stainless Steel

Part #	Product	Container Size
34420	Orange Natural Citrus Foaming Oven Cleaner	Aerosol 20 oz

AIR FRESHENERS

DRY BREEZE® DRY AIR FRESHENERS

Dry Spray Eliminates Odors

DRY BREEZE® is a versatile dry aerosol that eliminates odors in the air without messy fallout. It is highly effective in combating odors trapped in fabrics such as clothing, drapes, upholstery and carpeting without staining these surfaces.

Benefits:

- Dry spray eliminates odors in the air
- Highly effective in combating tobacco and other odors trapped in fabrics
- Special valve allows spraying when can is held upside down

Part #	Product	Container Size
70020	DRY BREEZE® Nice Air	Aerosol 20 oz
70120	DRY BREEZE® Top Note	Aerosol 20 oz
70220	DRY BREEZE® Sugar & Spice	Aerosol 20 oz

GLYCOLIZED AIR & SURFACE DEODORIZER

Air & Surface Deodorizer

Glycolized Air & Surface Deodorizer can be used to deodorize surfaces, controlling foul or dank odors. Dampen a cloth with this liquid and use for wiping bathroom fixtures, telephones, door knobs, etc. for excellent deodorizing results.

Benefits:

- Deodorize surfaces
- Can be used as air cleaner and deodorizer
- Sprayed as light fog to temporarily cleanse the air

Part #	Product	Container Size
13232	Glycolized Air & Surface Deodorizer	Container 32 oz

HAND CLEANERS

ORANGE ROUGH TOUCH® NATURAL CITRUS HAND CLEANER GEL

Fortified With Skin Conditioning Emollients

Orange Rough Touch® Natural Citrus Limonene Hand Cleaner is a d-Limonene natural citrus-extract solvent combined with gentle emollients and skin conditioners to prevent drying, cracking and chapping. An essential product for mechanics, painters, machinists, industrial workers, maintenance workers, municipal workers and construction workers.

Benefits:

- Natural citrus limonene hand cleaner with volcanic pumice
- Contains no harsh petroleum solvents

Removes:

- Dirt
- Heavy Grease
- Ink
- Tar
- Paint
- Stains
- Many other soils

Part #	Product	Container Size
33816	Orange Rough Touch® Natural Citrus Hand Cleaner	Tube 16 oz

33845	Orange Rough Touch® Natural Citrus Hand Cleaner	Canister 80 oz

Other hand & body cleaners available: Orange Soft Touch™, Orange Rough Touch®, Industrial Green and Top to Bottom.*

GRAFFITI REMOVERS

GRAFFITI & SPRAY PAINT REMOVER

Jelled Formulation Will Not Run Off

Graffiti & Spray Paint Remover jelled formula is a high quality graffiti remover that will not run off vertical surfaces. This product stays on the surface long enough to emulsify and work harder to remove paint and graffiti without extra clean up.

Benefits:

- Removes paint, lipstick, grease, ball point ink and crayons from a variety of surfaces
- Safe for cleaning metal, porcelain, formica and baked enamel paints
- Jelled aerosol formula will not drip or run
- Removes DYKEM® BRITE-MARK® Valve Action Paint Marker permanent marks

Safe To Use On:

- Fiberglass
- Ceramic Tile
- Glass
- Porcelain
- Brick
- Aluminum
- Chrome
- Formica
- Concrete
- Steel
- Enamels
- Baked Enamels
- Marble
- Brass
- Varnishes

INSECTICIDES

THE End.™ Family of Insecticides

Science Meets Insecticide

THE End.™ Brand of Insect killers are formulated with the latest scientific technology to be the most powerful insecticides. This family of products is available in three formulas to attack your specific insect problem.

THE End.™ Wasp & Hornet Killer

- Instant knockdown
- Sprays up to 20 ft
- Dielectric breakdown voltage of 40,700
- Kills wasps, hornets, yellow jackets and bees
- Kills nest and insects with residual action

THE End.™

- Water-Based Insecticide
- Kills flies, mosquitoes, gnats, midges, wasps, hornets and flying moths (millers)
- Contains powerful natural pyrethrin based formula
- Fogging action covers large area quickly

THE End.™

- Kills on contact
- Water-based formula
- Protects for up to 3 months
- Seeks out bugs where they hide

MECHANIC'S FRIEND® PLUS PENETRATING OIL WITH PTFE & MOLY

Cleans, Penetrates, Lubricates

Mechanic's Friend® Plus Penetrating Oil With PTFE & Moly displaces moisture, eliminates squeaks and binds, reduces maintenance time and the film never hardens. It provides excellent lubrication from the addition of PTFE and molybdenum disulfide working together to stop squeaks and binding on cams, wheels, hinges, and rollers.

Benefits:

- Excellent penetration power for loosening frozen and rusty corroded parts
- Loosens nuts, bolts and fittings
- Preserves metal

Part #	Product	Container Size
28420	Mechanic's Friend® Plus Penetrating Oil with PTFE & Moly	Aerosol 20 oz

GREASE GUN IN A GUN®

Lubricant, Penetrant and Rust Preventive

This unique product sprays on and into hard to reach places. It changes from a penetrating fluid to become a tough, tack-free grease. This cured film is impervious to moisture and is stable at temperatures above 400°F.

Benefits:

- Can be used for both interior and exterior, to lubricate and as a protective coating against rust and corrosion
- Thin penetrating liquid that forms a tack-free grease and coating

Lubricates & Rust Proofs:

GREASE GUN IN A TUBE

Multi-Purpose and Anti-Splatter

This Molybdenum, Lithium base grease is superior premium quality multi-purpose lubricant for use in extreme and high temperature operating conditions. It is recommended for all types of bearings and sliding applications, shock loading, pounding, chassis and load usage. This product is formulated with special lubricity, anti-wear and extreme pressure additives and is completely fortified with rust and corrosion inhibitors.

Benefits:

- Dropping (melting) point in excess of 500°F
- Superior adhesion qualities and excellent pumpability in both hot and cold temperatures
- Convenient grease cartridge can be used in any grease gun designed to accept 14 oz or 14.5 oz cartridge

Part #	Product	Container Size
26616	Grease Gun in a Tube	Tube 16 oz

LAYOUT FLUIDS

DYKEM® Mark of Excellence

Machine shop operators depend on DYKEM® Layout Fluids to scribe sharp, clear, precise lines. When applied, our layout fluids provide a uniform deep color that prevents glare and dries in minutes. All DYKEM® Layout Fluids provide an extremely thin coating which adds practically no thickness to the work piece and remains flexible without cracking and chipping.

Benefits

- Prevents glare with a uniform, deep color
- Allows scribing sharp, clear, precise lines
- Dries in minutes
- Provides a thin coat without cracking or chipping
- Reduces eyestrain
- Toluene free

STAINING COLORS

One gallon can cover an area of 250 square feet!

DYKEM® Staining Colors provide quick identification on a variety of component parts. These stains repel oils as they adhere without flaking and scaling. DYKEM® Staining Colors are easily applied by brushing, spraying, dipping or tumbling and dry quickly to the touch. Transparent and Opaque colors are available.

Opaque Stains:

These stains have a slightly thicker coating than the transparent stains and take slightly longer to dry. They provide better hiding/opacity. One gallon of opaque staining color can cover up to 250 square feet.

Transparent Stains:

These stains have a slightly thinner coating than the opaque stains and dry slightly faster.

Lead-free and Chrome-free Stains:

Lead-free and chrome-free colors are available upon request. Ask your customer service representative for more information.

BENEFITS

- Fast drying
- Resists cracking, chipping, flaking or scaling
- Will not interfere with moving parts when applied as a thin coat
- Resistant in transmission oil up to 300°F
- Use DYKEM® Remover, Cleaner & Thinner to dilute stains for thinner coatings

USE ON

- Springs
- Steel Bars
- Bearings
- Bolts
- Carburetor Parts
- Electrical Assemblies
- Nuts
- Plastic Rings
- Rivets
- Rods
- Coils
- Spindles
- Other Mechanical Components

AVAILABLE COLORS & SIZES

DYKEM® Staining Colors come in a variety of convenient packages. For available colors and sizes visit dykem.com or refer to the Price list.

FOUNTAIN BRUSH & BOTTLE

No Redipping Required

DYKEM®'s Fountain Brush & Bottle consists of a soft hair brush with a hollow handle attached to a squeezable bulb. No redipping is required, and it allows for delicate to heavy flow depending on your desired application.

Benefits:

- Soft-hair brush
- Squeezable bulb
- 5 oz. nonbreakable polyethylene bottle
- Use on vertical or horizontal surfaces
- Cap will not "freeze" to bottle

Use with following products:

- Steel Blue®
- Layout Fluids
- Staining Colors
- Other Solutions

Part #	Product	Container Size
89157	Fountain Brush & Bottle	Bottle 5 oz

REMOVER, CLEANER & THINNER

The preferred solution for all surface preparation, removal, and dilution of DYKEM® Staining Colors and Layout Fluids.

Remover, Cleaner & Thinner prepares work surfaces. It has been proven that layout fluids and stains adhere better to surfaces that are prepared with this product. Toluene free formula for workers' safety.

Benefits:

- Prepares metal surfaces
- Dries in minutes
- Does not contain toluene, chlorofluorocarbons or chlorinated solvents
- Unique formulation dilutes stains for thinner coatings

Part #	Product	Container Size
82038	Remover & Cleaner	Aerosol 16 oz
82638	Remover, Cleaner & Thinner	Bottle 930 mL
82738	Remover, Cleaner & Thinner	Bottle 1 Gallon
82838	Remover, Cleaner & Thinner	Pail 5 Gallons
82938	Remover, Cleaner & Thinner	Drum 55 Gallons

HI-SPOT™

Most recognized and trusted bearing and gear high spot locator.

Hi-Spot™ is an intensely blue, soft, uniform paste that spreads easily and evenly to show high spots on bearings. It is most valuable when used on flat bearing surfaces of lathes, planers, milling machines, etc. A thin coating may be left on the surface day in and day out, and will not dry. The film remains "wet" and "transferable" and in condition for months. No nightly clean up or morning re-bluing is necessary.

Benefits:

- Non-drying
- Non-hardening
- Transfers from one surface to another
- Saves valuable time and money in surface scraping work

Part #	Product	Container Size
83307	Hi-Spot Blue	Tube 0.55 oz
83507	Hi-Spot Blue	Can 14 oz

DYKEM® BRITE-MARK® - FINE

DYKEM® BRITE-MARK® Fine is a general purpose marker that writes on almost any surface and features a fine, precision tip for clear, distinct markings. Its quick drying, oil-based paint withstands indoor and outdoor conditions, including acid and alkaline rain without fading, chipping or losing its opacity. The DYKEM® BRITE-MARK® pens can be used to permanently identify inventory, assemblies, tools, finished products or work-in-progress while resisting most work related abuses or compounds.

Benefits:

- Makes permanent bright marks on metal, rubber, plastic, glass, concrete, leather, stone, wood, vinyl and more
- Valve action mechanism prevents paint in barrel from drying when cap is left off
- Clip on the pen cap fits conveniently in pocket or on a clipboard between uses
- Lightweight aluminum body
- Ideal for fine print or color coding
- Bullet tips are replaceable to assure complete use of paint in each marker
- Drying Time: 25 - 35 seconds

Available Colors/Product # :

 41003	 41045
 41001	 41002
 41004	 41016
 41014	 41008
 41010	 41006

DYKEM® BRITE-MARK® - MEDIUM

DYKEM® BRITE-MARK® Medium is a general purpose marker that writes on almost any surface and features a medium tip for clear, bold markings. Its quick drying, oil-based paint withstands indoor and outdoor conditions, including acid and alkaline rain without fading, chipping or losing its opacity. The DYKEM® BRITE-MARK® pens can be used to permanently identify inventory, assemblies, tools, finished products or work-in-progress while resisting most work related abuses or compounds.

Benefits:

- Makes permanent bright marks on metal, rubber, plastic, glass, concrete, leather, stone, wood, vinyl and more
- Valve action mechanism prevents paint in barrel from drying when cap is left off
- Heavy duty aluminum body with large paint capacity
- Ideal for color coding
- Bullet tips are replaceable to assure complete use of paint in each marker
- Drying Time: 25 - 35 seconds

DYKEM® TEXPEN® MARKERS

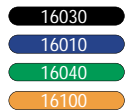

The TEXPEN® stands out for its distinctive fine, medium and bold oil-based paint markings. Its stainless steel-ball valve action tip writes through oil, grease and underwater without losing legibility or brightness even in extreme weather conditions.

Benefits:

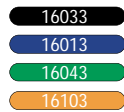

- Write sharp, defined, bright marks on any surface including metal, plastic, glass, concrete, rubber and more
- Ergonomically correct marker that enables you to mark at all angles, even upside down
- Marker retains its shape
- Paint flow is controlled by the bulb at the end of the barrel
- Drying Time: 25 - 35 minutes

Available Colors/Product # :

Medium

Broad

DYKEM® DALO® MARKERS

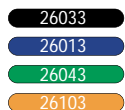

The DALO® Marker is a marking pen with medium and bold tips that holds a high capacity of oil-based paint and is a larger version of the TEXPEN®. Its stainless steel-ball valve action tip writes through oil, grease and underwater without losing legibility or brightness even in extreme weather conditions.

Benefits:

- Extra large paint capacity
- Write sharp, defined, bright marks on any surface including metal, plastic, glass, concrete, rubber and more
- Ergonomically correct marker that enables you to mark at all angles, even upside down
- Marker retains its shape
- Able to use all its paint with no waste
- Paint flow is controlled by the bulb at the end of the barrel
- Drying Time: 25 -35 minutes

Available Colors/Product # :

DYKEM® MARKER HOLSTER

DYKEM® Marker Holster makes it easy to use your Medium DYKEM® BRITE-MARK® or Medium and Broad DYKEM® TEXPEN® marker. By having the holster clipped at your waist you eliminate the hassle of looking for a marker and needing both hands to remove the cap.

Benefits:

- Eliminates awkward task of removing pen cap each time pen is used
- Allows one-handed use when both hands are not readily available
- Made from durable, long lasting polypropylene webbing
- Unique, flexible fabric-to-metal hinge provides total flexibility
- Cap machined from aluminum to securely hold medium BRITE-MARK® or TEXPEN®
- Heavy duty .025 gauge clip tightly clips on tool belt or clothing
- Cap remains in down position when pen is in use to keep it clean of debris

HIGH PURITY MARKERS

AM 44 AM 33

HIGH PURITY TEXPEN®:

The High Purity TEXPEN® contains trace amounts of halogens, low melting metals and is low in chlorides. Therefore, its stainless steel-ball valve action tip can be used on surfaces where degradation, contamination or adverse effects are not desired. The High Purity TEXPEN® is an ergonomically correct marker that enables you to mark at all angles, even upside down. Its oil-based paint withstands extreme weather conditions.

HIGH PURITY ACTION MARKER®:

The High Purity ACTION MARKER® 44 and ACTION MARKER® 33 are dye and pigment-based ink pens with a valve action fiber tip that write on smooth surfaces. It's very low in chlorides, so it can be used on surfaces where degradation, contamination or adverse effects are not desired. Pens meet or exceed the requirements of the US Energy Research & Development Administration's "Nuclear Grade" for black, red, yellow and white inks. The ACTION MARKER® 44 has a threaded end that can be screwed into a jig or apparatus for a continuous identification application. The ACTION MARKER® 33 is lightweight and writes fine, distinctive markings. Both markers feature a clip on the pen cap that fits easily into your pocket or on your clipboard.

Benefits:

- Ideal for welding, aircraft industries, ship/boat/ marine industries, automotive plants and power plants
- Paint will not contaminate or adversely affect surface being marked
- Drying Time: 20 - 30 minutes

HIGH TEMPERATURE MARKERS

AM 44 AM 33

HIGH TEMPERATURE TEXPEN®:

The High Temperature TEXPEN® has a stainless steel-ball valve action tip and heavy viscosity, oil-based paint that is specially formulated for nonporous surfaces that reach temperatures of up to 2000°F/1093°C. Marks become permanent and fused when heated. The High Temperature TEXPEN® is an ergonomically correct marker that enables you to mark at all angles, even upside down. Paint flow is controlled by the bulb at the end of the barrel.

HIGH TEMPERATURE ACTION MARKER®:

The High Temperature ACTION MARKER® 44 and ACTION MARKER® 33 are pigmented, oil-based, fiber tip pens that are specially formulated for nonporous surfaces that can reach temperatures of up to 2000°F/1093°C. Marks become permanent and fused when heated. Both markers feature a clip on the pen cap that fits easily into your pocket or on your clipboard. The ACTION MARKER® 44 has an extra large paint capacity. The ACTION MARKER® 33 is lightweight and writes fine, distinctive markings.

Benefits:

- Perfect for marking on glass, metal and ceramic parts
- Each color represents a temperature range
- Drying Time TEXPEN®: 25 - 35 minutes
- Drying Time ACTION MARKER®: 45 seconds - 1 minute

Available Colors/Product # :

TEXPEN®

Fine	Medium	Broad	Temperature Range
17030	17033	17034	2000°F (1093°C)
17010	17013	17014	2000°F (1093°C)
17040	17043	17044	2000°F (1093°C)
17100	17103	17104	800-900°F (426-482°C)
17020	17023	17024	800-900°F (426-482°C)
17080	17083	17084	800-900°F (426-482°C)

33266	44266	1800°F (982°C)
33219	44219	1550-1650°F (843-899°C)
33424	44424	800-900°F (426-482°C)

DETERGENT REMOVABLE MARKERS

The Detergent Removable 916 and ACTION MARKER® 44 are dye and pigment-based markers perfect for temporary writing on non-treated, non-painted metal, glass, ceramic and some plastic surfaces which require ink that is water resistant. Marks can be removed with detergents. The ACTION MARKER® 44 features a screw cap and a threaded end that can be screwed into a jig or apparatus for a continuous identification application. The 916 has a thinner tip than the ACTION MARKER® 44 and the tip is interchangeable.

Benefits:

- Ideal for quality control
- Interchangeable and replaceable tips make the pen more practical and long lasting
- No "ghosting" occurs when removed with detergent
- Drying Time: 15 - 20 seconds

DEGREASE RESISTANT MARKERS

The Degrease Resistant Marker is a permanent marking pigmented, oil-based felt tip pen that will resist hot or cold fumes of degreasing solvents in a solvent bath. The marker writes clear, crisp marks that won't smudge or rub off.

Benefits:

- Clear, crisp markings
- Marker retains its shape
- Features a clip on the pen cap that fits easily into your pocket or on your clipboard
- Threaded end that can be screwed into a jig or apparatus for a continuous identification application
- Drying Time: 15 - 20 seconds

Available Colors/Product # :

 44203	 44819
 44179	 44175
 44177	 44401
 44171	

ACTION MARKER®

The ACTION MARKER® 44 and ACTION MARKER® Fine Line are dye-based ink pens with a valve action, fiber tip that write on smooth surfaces. The ACTION MARKER® 44 has a threaded end that can be screwed into a jig or apparatus for a continuous identification application. It is used to make broad markings on any smooth surface. The ACTION MARKER® Fine Line is lightweight and writes fine, distinctive markings. Both markers feature a clip to secure pen in your pocket or on your clipboard.

Benefits:

- Permanent ink writes on smooth surfaces such as metal, aluminum, plastic, glass, rubber and more
- Inks are able to withstand dirt, oil and grease and extreme weather conditions
- Interchangeable and replaceable tips available
- 6 to 8 times the writing life of most other capillary markers of comparable size
- Drying Time: 45 seconds - 1 minute

Available Colors/Product # :

WASH-OUT MARKERS

The oil-based Wash-Out Marker writes on non-treated, non-painted metal, glass, ceramic and some plastic surfaces and can be easily removed with water with no "ghosting". The Wash-Out TEXPEN® is a high purity paint pen with stainless steel-ball valve action tip that lets you write temporary marks. The Wash-Out ACTION MARKER® is a fiber tip ink pen that can be used indoors and outdoors on any smooth non-porous surface.

Benefits:

- No "ghosting" when rinsed with water
- Temporary marking system
- Drying Time Wash-Out ACTION MARKER® 44: 45 seconds to 1 minute

UNI® PAINT MARKERS

PX-30

PX-20

PX-21

The Uni® Paint Marker lets you personalize and decorate anything neatly with maximum control. Its pigmented oil-base paint maintains its color and opacity regardless of the surface.

Benefits:

- Available in medium and broad line
- Great for marking on a variety of surfaces
- Quick drying, opaque, oil-based marker
- Drying Time: 25 to 35 seconds

UV MARKERS

The UV Marker's invisible, opaque, dye-base ink is only seen when placed directly under a black light. This is great for marking surfaces with information that will not be visible in normal light. The UV marker marks on plastic, glass and nonporous surfaces.

Benefits:

- Marks on plastic, glass and nonporous surfaces
- Excellent for security applications
- Detectable by UV light
- Drying Time: 45 seconds to 1 minute

Application Charts

Find the correct product for your application from the application charts. The following are a list of charts that are available to you on our website:

- Natural Force Degreasing System
- Pens and Marking Systems
- Disinfectants
- Insecticides
- Cleaning Products

Associations

Go online to view ITW Dymon's membership association. We have created a link to their websites so you can learn more about their services.

Downloadable Art/Literature

Need any of our art or literature? You can download any of these items from our website.

End User Participation

We have a couple areas where the end user can supply their feedback and find information:

- Are you a SCRUBS GUY™? Tell us your story and you're automatically entered to win a Job Site radio! You'll also receive a FREE T-shirt!
- Feedback Survey: Look through our website and give us your feedback about the pros and cons of our site. You'll also receive a free sample of SCRUBS® Hand Cleaner towel.
- Request for Information: If the information on our website doesn't answer your questions, you can e-mail us directly. We proudly commit ourselves to having a 48-hour turn around time in filling requests.

MSDS Sheets

Our MSDS Sheets are available in PDF format, online in English. We also have some of our MSDS sheets in Spanish and French.

Online Ordering

In 2002, we plan to have online ordering for our distributors.

Product/Shipper Information

We now have an extensive section about our products, which includes product information, features and benefits, MSDS sheets, application charts, and HAZMAT and regular shipper information.

Technical Q & A

Have a question about any of our products? Check out our technical questions and answers section that covers the most frequently asked questions about our products. If we don't have the answer you are looking for, you can go to our "Request for Information" section and we'll respond to you within 48 hours.

Tradeshaw Information

You can learn about our tradeshow involvement. In addition to a list of tradeshows where we exhibit, we also provide a link to that tradeshow website, a list of our associates attending, booth number and map (if available), and the product focus for that show.

Where to Buy

Find a wholesaler near you in our "Where to Buy" section by typing in your zip code. For an end user, you can also use our wholesaler locator database, and the wholesaler will set you up with a distributor near you. In 2002, we plan on adding a Distributor Where to Buy locator.
